

Love call me home

When the waters are deep
Friends carry me over
When I cry in my sleep, love call me home

Time ferry me down the river
Friends carry me safely over
Life tend me on my journey
Love call me home

When the waters are cold
Friends carry me over
When I'm losing my hold, love call me home
Time ferry me down the river.....

When I'm weary and cannot swim
Friends carry me over
Open your arms and take me in, love call me home
Time ferry me down the river.....

Take the gift I bring,
Friends carry me over
Deep within me life is singing, love call me home
Time ferry me down the river.....

Life offers a chance for friends to carry us over
Time can stop or dance forever
Love call me home
Time ferry me down the river.....
